

# AUTONOMY™ STAND-ALONE DIGITAL PRINTER

**Freedom. Flexibility. Confidence. Control.**  
Autonomy can deliver on all 4.

**FREEDOM:**

Freedom to simplify the process, to deliver instant results through quick turn-around. Print multiple SKUs on pre-cut labels, without stock changeovers. Freedom to eliminate excess inventory and waste.

**FLEXIBILITY:**

Flexibility to produce run sizes of a few thousand or a few hundred thousand – at speeds up to 3050 in/min (77 m/min). Flexibility to print high-impact graphics in full CMYK color or B&W and at production level quality. Flexibility to print most barcode formats with either static or dynamic data, including serialized data.

**CONFIDENCE:**

When combined with anyone of our numerous vision options, you can have the confidence of 100% quality control inspection. Add the Reconciler option along with vision and you get automatic rejected label removal, further enhancing your confidence in your final product.

**CONTROL:**

Get the labels that you need, when you need them and with the comfort that the quality is assured. Be Autonomous - with the Autonomy Digital Label Printer!

**FEATURES AND BENEFITS**

- Compact footprint
- UV-DOD printing technology
- Production level quality and speed, in color or B&W
- Easy to operate, minimal maintenance required
- Stand-alone or integrated into your network
- Hard safety guarding standard
- Integrate variable data, including serialized data, into fixed artwork
- Full servo tension control for unwinding and rewinding of label rolls

# AUTONOMY™ LABEL PRINTER

## TYPICAL PRODUCT SPECIFICATIONS

Maximum Roll OD	18" (457 mm)
Roll Core ID	3" (76 mm)
Maximum Print Width	2.83" (72 mm)
Maximum Label Width	4" (101.6 mm)

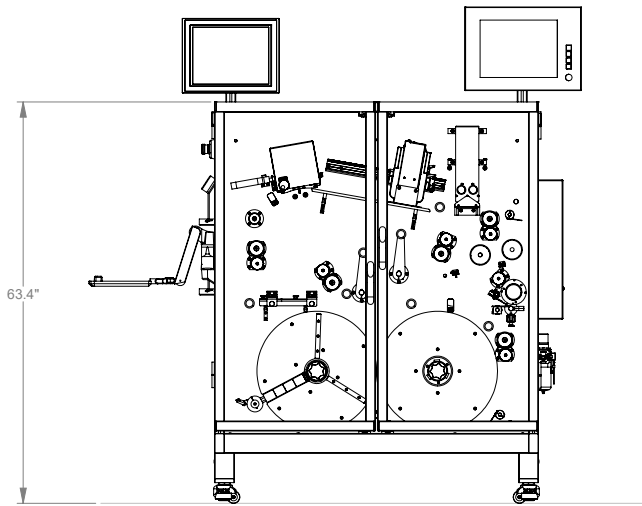

Maximum Label Length	Unlimited
Maximum Printing Speed	3050"/min (77 m/min)*
Power Requirements	200/240 VAC, 50/60 Hz, 20 Amps
Air Requirement	80 psi**

\* Speed may be limited by material selected or vision system selected

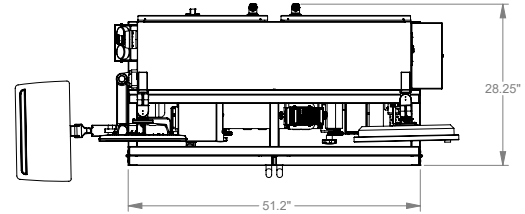

\*\* Compressed air is only required with optional Reconciler
